

Despite Technical Glitches Mumbai Metro Witnesses 55K Passengers On Day 3 Apr 4, 2022

The Maha Mumbai Metro Operations Cooperation (MMMOCL) – an undertaking of the Mumbai Metropolitan Region Development Authority (MMRDA) – is overseeing the operation and maintenance of this new metro line. MMOCL managing director DK Sharma said, “It is a good figure. On Gudi Padwa, when the metro services were flagged off and opened to the public from 8.00 pm around 20,000 passengers were seen in just two hours. But the ride was free. So Sunday was the first day of commercial operations and we are doing well.”
