**Sankalp to Siddhi: CM Devendra Fadnavis Inaugurates 4 Landmark MMRDA Infrastructure Projects in Mumbai**

Mumbai in Minutes' Gets a Major Boost with These Projects

Mumbai, 14th August 2025—

The Mumbai Metropolitan Region Development Authority today marked the inauguration of four significant infrastructure projects led by Metropolitan Commissioner Dr. Sanjay Mukherjee, that marks a transformative leap in Mumbai's urban development and metro expansion. These projects were inaugurated by the Augustus hands of Hon. Chief Minister Shri Devendra Fadnavis, in the presence of Honourable Deputy Chief Minister Shri Eknath Shinde, Chairman MMRDA; Deputy Chief Minister Shri Ajit Pawar; Mumbai Suburban Guardian Minister Hon. Adv. Ashish Shelar, Minister of Information and Technology, Cultural Affairs and BMC Commissioner Shri Bhushan Gagrani.

The four projects unveiled today are the Mumbai Metro Simulator Training Centre at Mandale Depot, the Santacruz-Chembur Link Road (SCLR) extended corridor, the Metro Staff Residence Building at Malvani, and Kalanagar Sub Flyover (Arm D) are set to significantly enhance Mumbai's urban mobility, strengthen infrastructure resilience, and boost workforce capabilities.

**Project Features:**

1. SANTACRUZ Chembur link road Extension- along with South Asia's first 100 mtr radius bridge

- South Asia's First sharp curvature span 100-m radius cable stayed bridge
- Signal-free connectivity between Eastern and Western Express highway
- Saves approximately 1 hour of travel time from Chembur to vileparle
- 215-m orthotropic steel deck; total length 1.66 km; width 8.50 m

Cost—200 cr.

2. MMTI- MUMBAI METRO TRAINING INSTITUTE

- Largest metro training centre in India
- Simulation-based driving and maintenance training
- Built to international standards
- Capacity for 144 trainees at a time
- Savings of ₹255 crore in training costs in 10 yrs.
- Ability to train metro employees from across India

Cost-70 cr.

### 3. STAFF QUARTERS MALVANI

- Residential facility for Maha Mumbai Metro staff
- Two 20-storey buildings with 156 flats each (1&2 BHK)
- Equipped with fireproof doors and safety systems
- Robotic car parking & 241 flats are under construction

Cost-90 cr

### 4. KALANAGAR Flyover D ARM

- East-west link between Dharavi and Bandra Worli Sea Link
- Signal-free travel from South Mumbai to Dharavi
- Constructed in limited available space
- Length 340 m; width 8.5 m

Cost-20 cr

Hon. Chief Minister, Shri Devendra Fadnavis Stated that,

MMRDA has been delivering engineering marvels that are transforming Mumbai's connectivity. The completion of the final phase of the Santacruz–Chembur Link Road, with South Asia's sharp-curve cable-stayed bridge, is a proud achievement that will ease travel between the Eastern and Western Express Highways. With five out of six exit routes from BKC already complete, and our expanding Metro network set to bring the Prime Minister's 'Mumbai in 59 Minutes' vision to life, we are creating faster, safer, and world-class infrastructure. MMRDA's projects are not only reducing congestion but also generating employment and enhancing the city's global identity.

Hon. Deputy Chief Minister, Shri Eknath Shinde, & Chairman MMRDA:

The Metro is Mumbai's lifeline. It will ease the load on our railways and give citizens relief from traffic congestion. MMRDA has completed challenging projects using advanced technology, and the government is committed to delivering people-centric projects without compromising on quality. With STPs coming online, our seas will be blue again, and with road concretisation, Mumbai will be pothole-free in the next one-and-a-half years. As India's financial capital, Mumbai must grow as a global hub, fulfilling the vision of our Hon'ble Prime Minister — a goal that is of great importance to all of us.

Hon. Deputy Chief Minister Ajit Pawar, Said:

The projects inaugurated today by MMRDA are not just structures of concrete, steel, and technology, but a guarantee of speed, quality, and safety for Mumbai's future. These projects will make the city's transport network more robust, efficient, and environmentally friendly. The rapid expansion of the Metro will provide safe and comfortable travel for citizens, while projects like the Coastal Road have eased traffic

pressure. The Mahayuti government is committed to giving Mumbai new strength and wings, enabling the city to soar even higher on the global stage.

Metropolitan Commissioner, Dr. Sanjay Mukherjee, IAS, MMRDA Said:

Today's inauguration marks a pivotal step forward in Mumbai's journey towards becoming a world-class metropolis. These 3 landmark projects embody our commitment to integrating cutting-edge technology, sustainable infrastructure, and enhanced connectivity to meet the growing needs of our city. The Mumbai Metro Simulator Training Centre, in particular, sets a new benchmark for workforce readiness, while the Santacruz-Chembur Link Road and Kalanagar Flyover will significantly ease commuter congestion and reduce travel time. Together with the Metro Staff Residence, these initiatives reinforce our vision of a safer, smarter, and more efficient Mumbai, ensuring a better quality of life for all citizens.
